

Although The Hague is suggested as the proper meeting place of such conference, the powers are asked to make suggestions as to the time. The sending of this letter is the outgrowth of the recent labors of the inter-Parliamentary Union at St. Louis, and their request to the President that he call a peace conference similar to that held several years ago at The Hague, under the call of the Czar of Russia. It is understood that the letter is couched in general terms and makes no reference to the present war between Japan and Russia.

AMUSEMENTS

The Murray comedy company in "Down in Maine" again held the boards at the Auditorium last night and pleased in every way the large audience. "Down in Maine" is the feature play of this popular company and handled as it is by these clever artists its production is one of the best seen on any stage by a popular priced attraction. Miss Hayt, as Mabel Hilsted, was again a great favorite with the audience, her specialty being greeted with much enthusiasm. Mr. Tilton as Allen Shaw and Miss Lee as Ruth Walton are also deserving of mention. Tonight the company presents "The Westerner," with an entire change of specialties. Matinee Saturday afternoon at 2:30, "A Southern Romance."

NEXT TUESDAY NIGHT.

You can't fool all of the people all the time, but you can certainly please all the people most of the time if you keep at it and that is what I am doing in "A Little Outcast," says

Messrs. Young and Hanks. That the gentlemen's theory is true was demonstrated by the success of his production which has been the biggest money-maker out for the past two seasons and that they mean to keep up the standard of excellence is evident from the elaborate production which they have sent out this year and which will be seen at the Auditorium next Tuesday night, October 25. The scenery and cast excel anything in its class on the road.

BUSTER BROWN HERE OCT. 28. The extraordinary and yet perfectly consistent success of Melville B. Raymond's latest musical comedy extravaganza, "Buster Brown," and of America's leading little comedian, Master Giovanni, as "Buster," is causing no end of comment and speculation among theatrical managers. It was first exemplified in Boston, the city of cults and culture, where, at the new Majestic Theater, the public raved over play and star alike, and the newspapers gave enthusiastic endorsement. The Boston Globe said:

"Buster Brown" came to town last night and in his delightful way, as interpreted through the medium of Master Giovanni, captivated an audience that crowded the Majestic Theater. Of all the shows founded upon humorous cartoons, that of "Buster Brown" is positively the best. It is a combination of lively music, attractive 'show' girls, melodious songs, admirably executed figures, bright lines, clever players, and last, but by far the best of all, Master Giovanni as "Buster," and his faithful dog Tige. The piece furnishes a cure for the most obstinate case of 'lones.'"

Cured of Asthma

After 35 years of Suffering.

It will be gratifying to Asthmatic readers to learn that an absolute cure has at last been discovered by Dr. Schiffmann. That the remedy is an effectual one cannot be doubted after perusal of such testimony as that of C. W. Van Antwerp, Fulton, N. Y., who says: "Years ago I was afflicted with Asthma. I have tried every remedy (Schiffmann's Asthma Cure) is the best I ever used. I bought a package of our drug and tried it and one box entirely cured me of Asthma, and I have not had it since. I can now go to bed and sleep all night with perfect comfort, which I have not done before for 35 years and I thank you for the health that I now enjoy. I hope that you will publish this letter, that others may learn of its wonderful virtues." Sold by all druggists at 50c and \$1.00. "WEARY WILLIE"

Saved the Daughter of Sherman From the Chloroform.

South Bend, Ind., Oct. 21.—The visit of a tramp to the farm of Henry Sherman, residing south of this city, saved his young daughter from perhaps serious injury.

The young lady was at home alone when an unknown person entered the house, and tying her hands, was in the act of forcing her to inhale chloroform, when the waylaid man appeared. An accomplice warned Miss Sherman's assailant and he fled.

A description was furnished by Miss Sherman and incensed residents in the neighborhood are tracking the man.

ANNOUNCED BY THE CIRCUIT JUDGES

On Several Cases Tried in Court Here During the Week—The Court House News.

The Circuit Court announced decisions in cases submitted during the present week as follows.

Ohio ex rel Tilton vs. Trustees of McKean township, demurrer to petition overruled, in conformity with the decision of the Common Pleas court Cause remanded. Leave given to file answer. James, Kibler & Kibler; Fitzgibbon. The plaintiff, Myrtle Tilton, brought the suit in mandamus to compel the trustees to certify to the Commissioners the amount required for her relief, she being blind, and as provided by statute in case of needy blind persons. The trustees took no action in the matter and the suit was brought to compel them to act and to make their certificates to the Commissioners.

Eliud Shrader, admr., vs. Amanda Maholm-Blaine, petition in error of Shrader dismissed, because prematurely brought. Follett & Follett; Hunter, Swartz, Kibler and Kibler.

Wm. B. Sinkey vs. N. & G. Electric railway company. In this case Sinkey was riding to the encampment grounds and was injured, as he alleges, by the careless handling of an electric car by the motorman. The defendant demurred to the petition claiming that the facts therein stated showed that Sinkey was guilty of contributory negligence, and could not, in law, recover. The court overruled the demurrer, and remanded the case to the Common Pleas court. Kibler & Kibler, Fitzgibbon.

Peter Strear vs. State of Ohio, a petition in error to reverse a judgment of conviction of pocketpicking. The judgment was affirmed. Folton; Fitzgibbon.

Anna Sex vs. Rees R. Jones, judgment for plaintiff, granting a new trial; remanded for further proceedings. Fitzgibbon; Norpell, Follett & Follett. The suit was brought by Jones to recover commission on the sale of real estate.

The Columbus Railway Co. vs. Robert Bevelhimer, cause submitted; decision reserved. The bill of exceptions was voluminous, and the judges took it with them, together with the papers. Hoot, Keating & Peters, Columbus. Kibler & Kibler; Johnson, Cramm, Raymond, Hedges, Fulton.

John F. Weisinger vs. John Smith, a remittitur was ordered from the amount of the verdict in the court below of \$54.68. This was accepted by Smith. The suit was brought to recover on a contract growing out of the saving of a quantity of lumber. J. H. Jones, Kibler & Kibler.

BE SURE TO GET A TAG TOMORROW

The character of the work carried on by the King's Daughters is pretty generally known by the citizens of Newark, and should be heartily endorsed by them. The work is for our own people and the money contributed is used right at home.

Tomorrow is the day selected for the annual "tag day." Turn out and help make this a successful event that this good work may not cease for lack of funds.

Young ladies will be stationed at the prominent street corners, well supplied with tags and contribution boxes.

If you wish to help in this work place your contribution in the box and receive a "tag" which you are asked to wear for the day. Use your own pleasure in regard to amount contributed as any contribution large or small, will be appreciated. The King's Daughters will also aim to have a committee visit all factories sometime during the day, thus giving all an opportunity to contribute.

After you have received your tag wear it. This will show that you are in sympathy with the work, and will also be an indication that you have contributed, and the young ladies will not find it necessary to solicit you the second time.

Bring your friends out to the corner that they may not be overlooked.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

As a sanitary measure you should use White House Soap Chips. Price 5 cents.

THE FIELD OF SPORT IN STRAIGHT HEATS

Thursday's Races Were Won the Events Being Tame in Comparison With the Bill of Wednesday—Four Day Meeting at Old Fort Ends Today.

In comparison with Wednesday's races those of Thursday were very tame. There were three events carded and in each the favorite won with comparative ease in straight heats. There were no particular features of the day's racing. A good crowd was in attendance, and although at times the lowering clouds threatened rain, it held off until after the races were finished.

In the second heat of the free for all trot Blanch K. was distanced by ten lengths, but the flag man reported her in. President R. W. Smith summarily discharged the man and another was placed at the distance station. After the third heat of this race, Mr. Smith, driver of Blanch K., protested that The Token and Glenwood M. had fouled him, but this was not apparent to the judges, and the protest was not allowed. Dr. Book was drawn after the second heat as he was too lame to start.

In the 2:27 pace Maggie M. was just outside the distance flag in the first heat, and was so reported. Mr. Ellis, his owner came to the stand and made an awful kick, following with appeals to allow him to start in the next heat. The judges however, were obdurate, and refused, as it was evident Ellis was "laying up" with the mare, and

ORDERS

GIVEN STATE PLAYERS TO "LAY OUT" CAPT. ORR.

Of the Case Eleven, According to News Coming From Columbus. Disgraceful if True.

It is nice news which comes from the camp of the Ohio State University football braves, and it is almost inconceivable that the representative team of a great university should allow even a suspicion that such a thought was in the mind of a single player on the eleven. If Ohio State is to win the state championship by any such tactics as those suggested, we earnestly hope that the plucky Case school eleven smother the scarlet and gray eleven by an overwhelming score. It is but natural that almost every one in Newark wants to see Ohio State win the championship Saturday, but there is not a man in this city who would not rather see State ignominiously defeated than to gain a victory by such means as are suggested in the following from Friday morning's State Journal:

"In spite of all the secrecy, it is learned that Gill is being worked at half and that the whole team has been ordered to lay out Captain Orr of Case just as soon as possible."

Such a sentiment is a disgrace to the university and the football eleven, and we cannot believe it has the sanction of Coach Sweetland, who learned football at Cornell, but that it is the spirit of "Texas" Throver, captain of the team, who is known all over the state as a "dirty" player. He is at all times unnecessarily rough, and it is probable that he has instilled his ideas of "aggressiveness" into the players under him. We have seen Ohio State in action three times this season and their slugging tactics with Denison were absolutely indefensible. They started it with Michigan last Saturday, but found their match, and it behooved them to stop.

Captain Orr is one of the gamest and cleanest players in Ohio, as well as one of the best. His loss to his team would be almost vital, it is true, and by "laying him out," O. S. U. might succeed in taking the game but such a victory would be robbed of any significance and tainted with the ignominy of unnecessary brutality, whereas if the State players do their best, play a clean game and lose, every true sportsman will accord a just meed of tribute to an honorable, though vanquished team. Should they win under the latter circumstances, victory will be many fold more honorable.

AT MT. VERNON

NEWARK HIGH SCHOOL TEAM IS TO PLAY TOMORROW.

Local Boys Determined that Stigma of Last Year's Defeat Will be Wiped Out

The Newark high school football team will, on Saturday afternoon, play the strong Mt. Vernon high school eleven on the Mt. Vernon gridiron.

The local boys are determined that the stigma of last year's 22 to 5 defeat will be wiped out on Saturday afternoon, and will leave for Mt. Vernon at 1:30 o'clock full of vim and confidence.

The Mt. Vernon eleven was the only team to cross Newark's goal line last year, and thus far in the present season the plucky Newark eleven has prevented a score being made on them.

The local eleven has been at hard practice for the past week, evolving new formations as well as perfecting some of the best ground gaining plays in their repertoire, and the Knox county lads will find that they will have to play a phenomenal game to stop the irresistible offense of the Newark team.

The four games thus far this season have resulted as follows: Newark High 15, Second Denison 0. Newark High 26, Zanesville 0. Newark High 0, Second Denison 0. Newark High 15, Meredith 0.

The line-up for Saturday's game follows:

Left end, Connelly; left tackle, Stuck; left guard, Hartshorn; center, Nelis; right guard, Mitchell; right tackle, Prior; captain; right end, Moore; quarter, Kinsey and Goodwin; left half back, Pine; right half back, Hershberger; full back, Lippincott; substitute, Jones.

Ray Hartshorn will act as referee for Newark.

Physically, the team is in the best of shape, all the cripples in the squad having returned to the game, and the Newark eleven will present its strongest front.

Quite a number of "rooters" will accompany the team to Mt. Vernon and encourage the players to victory.

FUNERAL OF M. O. NASH.

The funeral of the venerable M. O. Nash who died at the home of his daughter, Mrs. Jason Childress on South Arch street, on Wednesday evening, took place from the house this afternoon at 2 o'clock, under the auspices of Olive Branch Lodge of Odd Fellows, of which the deceased had for many years been a member, the Rev. L. S. Boyce officiating, and the interment was made in Cedar Hill cemetery. The immediate cause of his death was from a stroke of paralysis which he received two weeks ago. Mr. Nash was aged 90 years. His wife died some years ago, and several children survive to mourn his death. The deceased by occupation was a saddler and successfully carried on that business in Newark for many years. He was an excellent, upright man and a good citizen, respected by all who knew him.

REGISTRATION DAYS

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 8, 1904, **MUST REGISTER** anew this year, regardless of any and all previous registrations.

The days for registration are as follows:
FRIDAY, OCT. 28.
SATURDAY, OCT. 29.

Our Candidate for Infirmary Director.

The office of county infirmary director is an office of great importance and responsibility, under our system of public institutions. It is an office that requires a man of humane nature, good judgment, business capacity and executive ability of a high degree. All these qualifications will be found in Licking county's Democratic candidate for infirmary director, Mr. Jacob C. Morrison.

Mr. Morrison is pre-eminently a man of affairs; a successful business man, of energy, and push. He has "hoed his own row" in life and he knows how to sympathize with those struggling in life's battles. No one stands higher, where he is best known, than "Jake" Morrison, as he is generally called, does, and no one is more deservedly popular, or has more or warmer friends. As county infirmary director, Mr. Morrison will be a valuable public official. He is splendidly adapted to looking after the business interest of the infirmary and of the taxpayer; and, at the same time, he is a kind, humane man, who will take a deep and sincere interest in the welfare of the unfortunate inmates of the infirmary.

Of course, Mr. Morrison is a thoroughbred Democrat, from awa-back. Believing thoroughly in Democratic principles and policies, as this

best and only true principles of government. Mr. Morrison has always labored, in season and out of season, for the advancement of those principles and the success of the Democratic party. He has always labored to build up the Democratic party and to promote its interests, when he was not a candidate and did not expect to be. Now that the Democratic party has nominated him and placed him upon its ticket, he should receive the hearty and unanimous support of the party—as he certainly will—for the office for which he is so well qualified and in which he can do the public so much good.

Democrats on Top.

A well-known Republican of Newark remarked casually to another citizen today that he had never before noticed Democratic and Republican headquarters located in the same building, as they are here in Newark, in the old Lansing House block. The second citizen said:

"Yes, that is so, but you notice the Democrats are on top."

The Republican answered: "Yes, and that will be the way it will be this fall, when the votes are counted. The Democrats will still be on top. I have always been a Republican but this fall I and my three sons will vote for Judge Parker."

Brister and Hurst Speeches.

The Wayne County Democrat speaks as follows of the addresses made by Judge E. M. P. Brister of this city, and Hon. J. E. Hurst, candidate for Congress, at the Democratic meeting at Wooster, held on the 11th inst.

"The first speaker introduced to the audience was Judge E. M. P. Brister of Newark. Thirty years ago he was a student of the University of Wooster, and eloquently spoke of the leaders of Wayne county Democracy of those days, mentioning Judge Geo. Rex, Hon. John McSweeney, Hon. E. B. Eshelman, Gen. A. Wiley and others. He then proceeded and made a good speech upon the national issues, for which he was applauded."

"The last speaker was Hon. J. E. Hurst, of New Philadelphia, the Democratic candidate for Congress from this district. He made a very favorable impression, which was evinced by the audience applauding him. He thanked the Democracy of Wayne county for the evidences of friendship they had shown him during his several visits among them. The meeting closed with three cheers for the Democratic party."

There is no home rule in the Philippines, and there will soon be none in Ohio, if we have more Republican general assemblies like the last two. The Republican bosses have taken municipal government to a large extent out of the hands of the people and placed it in the hands of the state officers whom they control. A few more strokes like this and we shall have the Philippine government right here at home.

Every day improves the outlook for the election of Parker and Davis. The confidence manifested at Democratic national headquarters is based on substantial indications in all the doubtful states, and there is a growing depression among Republican leaders. Even in Ohio the chances in favor of formerly Republican electoral votes going to the Democratic ticket this year, are daily increasing.

Permanent retention of the Philippines means an enormous expense to our people without additional revenue, the continual threat of foreign war and the permanent violation of the letter and spirit of the Constitution. To treat the Filipinos as we have treated Cuba, means economy at home, American justice abroad and American honor untarnished throughout the world.

The attitude of McKinley in his last days, as expressed by his Buffalo speech on the tariff, was eminently "safe and sane." President Roosevelt, however, has continued to stand by the old insane delusion of a tariff tax to burden consumers and a high tariff wall to prevent our trade from expanding abroad and the trade of other nations from coming to us.

The young Republicans of Ohio can find no encouragement in the present condition of their party in this state. Whenever one of them wants anything in the way of political preferment he is brought face to face with some chronic office holders who enjoy life in the grace of the bosses.

Prosperity and Politics.

The Republicans have never been modest about claiming credit for favorable natural conditions which could not possibly have been due to any political party. The Republican characteristic was particularly prominent in the presidential campaign of 1896 and has been in numerous state campaigns since. Whenever crops have been bounteous, labor well employed and wages above the normal, the Republican leaders have brazenly asserted that these conditions were due to the legislation of their party.

It is a poor rule that does not work both ways. We have no desire to paint the industrial condition of the country today in more sombre colors than the facts require. We have no desire to "howl" calamity or say aught that would detract from whatever degree of prosperity may still remain among us. But no man will assert that conditions today are what they have been recently. Thousands of men have been thrown out of employment, great numbers of industrial enterprises have lessened their output or gone out of business, wages have been reduced and in numberless details the tendency has been away from prosperity and toward hard times. These are disagreeable facts, and we are not glad to relate them; but they cannot be ignored. While the means of earning a living have thus been on a decline, the cost of living has steadily increased, so that both sides of the ledger have been unfavorable to the man who toils.

No Republican legislation which, it was claimed, brought the prosperity of 1896 and other years, has been repealed. The government has remained entirely under Republican control. If there was any truth in the claim that the Republican party was responsible for prosperity, it must now be admitted that is also responsible for whatever degree of adversity today affects the country.

The Rough Rider's present silence, enforced by his campaign managers, will have a sudden ending, if the country should suffer the misfortune of his election as president. In that event the rip and howl that will be let loose from the White House on election night will be heard around the world, and the next morning Teddy will take the bit in his teeth for good.

President Roosevelt disrupted the Republic of Colombia and prepared the people of Panama for alleged self-government in twenty-four hours; but he will not agree to give self-government to the Filipinos in twenty-four generations. Why this difference between liberty on the Western and Eastern hemispheres?

ALARM IN WALL STREET

Financiers Want President to Intervene in Far Eastern War

New York, Oct. 21.—Wall street is alarmed over the continuation of the Russo-Japanese war, and fears are entertained that unless there is early intervention the struggle will cause irreparable financial losses to American interests.

Leading Wall street men who hold Russian and Japanese securities, and who are heavily interested in railroads and other projects in the countries of both belligerents, have appealed to President Roosevelt to use his influence to stop the war.

They declare that great damage will be caused in the American financial center unless the conflict is terminated before next spring. The value of Russian and Japanese securities is gradually depreciating, and the owners thereof believe that their holdings will be wiped out if the war lasts more than two years.

Wall street men incline to the belief that when the present fighting in Manchuria is over some opportunity may present itself whereby President Roosevelt will be enabled to induce other countries to step in.

OHIO BAPTISTS

ADJOURNED THEIR CONVENTION AT AKRON THURSDAY.

Delegates Stirred by Attack on Society Women—Officers Chosen Include Newark Men.

Akron, O., Oct. 21.—The seventy-ninth annual convention of the Ohio Baptists closed last night with a sermon by Rev. W. E. Loucks, of Toledo and a general conference of delegates. There was a deadlock over the selection of the next meeting place. Zanesville, Portsmouth and Cincinnati were considered.

"The Essential Element in the Training of Teachers," was the subject of a paper read by Prof. R. S. Corwell, of Denison university, Granville. H. E. Baker of Zanesville, spoke on "Sunday School Organization." Rev. C. B. Antisdel, a returned missionary from Africa, gave a talk on "Our Obligation for Foreign Evangelism."

Rev. U. S. Davis created a stir by saying that the sewing circle has no place in the church and promotes gossip. The older the society grows, the less it sews and the more gossiping it does. "The needle and religion may go hand in hand, but not in the sewing circle of the church of today," he said. "The women who attend these sewing society meetings," he said, "forget their sewing and soon get to talking about their neighbors. The best things about the neighbor are not always said, and I do not believe that one can call these meetings particularly glorifying."

"The remarks of Mrs. J. C. B. Stivers, late secretary of the nonpartisan W. C. T. U., to the Baptist minister have caused much comment. 'Intoxication among society women of today is on the increase; it is becoming so common that the checking of this great evil must be taken up at once, and some plan to crush it evolved,' she said. 'Mothers permit their daughters to parade of the social glass and in fact encourage it. Little do they think to what it is leading. When the daughter goes to a boarding school, a bottle is placed in her trunk.'"

Mrs. Stivers also said that the opinion, habit was growing among women, and that, together with the great increase of intoxication among women, was undermining the social and spiritual life of the American people.

Officers were elected as follows: President, Charles T. Lewis of Toledo; vice president, Rev. G. W. Lasher, D. D., of Cincinnati; corresponding secretary, Rev. C. L. Rose of Mt. Vernon; recording secretary, Rev. E. A. Read of Martin's Ferry; treasurer, Rev. R. S. Colwell, D. D., of Granville.

The following officers were elected for next year: President, Emory W. Hunt, D. D., of Granville; vice president, Rev. T. B. Caldwell, Zanesville; corresponding secretary, Rev. A. S. Gorman, Granville; treasurer, W. A. Chamberlain, Granville; trustees, C. C. Allen Jr., C. J. Butwin, Millard Brookford, Clark W. Chamberlain, J. L. Cheever, H. F. Colby, R. S. Colwell, J. R. Davies, U. S. Davis, G. A. Eaton, T. C. Galtsoff, W. H. Johnson, G. W. Lasher, G. E. Leonard, C. T. Lewis, G. E. McKibben, L. A. Oster, G. M. Peters, C. J. Rose, B. M. Sheppardson, P. Spencer, H. F. Steward, J. M. Starks, C. L. Williams, J. F. Pratt, H. P. Wild, J. A. Brad, F. G. Field, Carey W. Chamberlain, J. R. Soren.

A GOLD BRICK

The Historic Shield Presented by Argentine to General Osborne is Found to Be.

Chicago, Ill., Oct. 21.—After a lapse to many years it has been discovered that the famous Osborne shield, presented by the Argentine republic to

Major General Thomas Osborne, the Ohio Civil war veteran, and by him to the city of Chicago, is a "gold brick," intrinsically worth hardly \$25 instead of \$23,000.

The shield was presented to General Osborne by the South American republic for services rendered years ago. The Argentine government sent to France for the shield, paid Gustave Dore, the world famed artist, for designing it, and footed a bill of \$23,000 for the bullion and jewels supposed to be contained in the shield.

The information became public through a petition of the Osborne heirs to Mayor Harrison for the return of the shield, which they desire to place upon a monument being erected in Arlington cemetery, Washington. The shield was subjected to expert tests and the fraud discovered.

Could Not Do Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and it is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a little of this remedy, which he did, with the result that immediate relief was obtained. For sale by all druggists.

AS SOLDIERS

Two Ohio Brothers Served in Same Regiment Without Knowing Each Other.

St. Louis, Mo., Oct. 21—Wm. P. Bowen, of 7729 Water street, a drummer, well known to theatre goers of St. Louis, and James W. Bowen, of Clarkburg, O., brothers, who have been parted for 51 years met here yesterday.

Bowen was but a few months old. Their home was in Clarkburg, O. There were nine children in the family, six of whom are living.

When the two repaired to the home of William they exchanged experiences, and by a strange coincidence learned that during the Civil war they had served together as members of the 22nd infantry, stationed at Ft. Sully, S. D. During the three years they met often, but failed to recognize each other.

Only the very rich have fences around their farms in Japan. The Japanese do not like to spare the square feet a fence would take up. If a border around a field is necessary it is made of mulberry trees, the leaves of which are good for silk worms. It is said that 100,000 acres, that would otherwise be taken up with fences are thus used.

BIG MAJORITY

In Favor of the Compromise Canon on the Remarriage of Divorced Persons—The Vote.

Boston, Oct. 21—By an overwhelming majority a compromise canon on the remarriage of divorced persons was adopted by the house of deputies of the Episcopal general convention, and if it is concurred in by the house of bishops the most important issue that has come before the present convention will be disposed of for at least three years. The compromise measure, like the old law, permits the remarriage of the innocent person in a divorce for the cause of infidelity, but further provides that no remarriage shall be allowed within one year after a decree has been issued by a civil court. Satisfactory proof of the innocence of the applicant for remarriage must be furnished in the shape of court records, and after the consent of the bishop is obtained a clergyman may refuse to perform such a ceremony without subjecting himself to censure or discipline.

It will reach the steps of St. Peter's and will be put in place 65 feet above the pavement on Wednesday, Oct. 26.

Wills Point, Tex., Oct. 21—Fire destroyed the National Bank building and three other houses, entailing a loss of \$80,000. Insurance partial. Fire at Oakwood, Tex., destroyed several business houses. Loss, \$75,000; insurance unknown.

A BAD DISORDER

In the fall of 1895 I contracted that fearful disease, Blood Poison. It gained such headway that I was forced to resign my position and seek relief at Hot Springs. After spending all the means I had I went to Memphis. In less than three weeks I was in a hospital, and after nine weeks of suffering I was discharged as cured. In less than a month every bone in my body seemed to be affected and felt as if they would break at the least exertion. Again I was compelled to resign, and I returned to the hospital for a seven weeks stay. When I came out I was advised to try farming. When I first went on the farm I prevailed on the only firm who handled drugs to get me one dozen bottles of S. S. S. At that time both of my hands were broken out with blisters and I was covered with boils and sores. In the meantime my druggist had gotten two dozen bottles of S. S. S. for me and I began its use, and after taking the thirteenth bottle not a sore or boil was visible. R. B. POWELL, East 9th St., Little Rock, Ark.

Of all human diseases, Contagious Blood Poison is the most hideous and hateful. The victim is tortured with eating ulcers, sores and abscesses, unsightly blotches, eruptions and other symptoms of the miserable disease. S. S. S. has been used successfully for nearly fifty years for Contagious Blood Poison. It contains no mercury, potash or other mineral. Our home treatment book gives all the symptoms of this disease. JEWETT BROTHERS, FORMER NEWARK MEN WHO ARE HIGHLY SUCCESSFUL IN SOUTH DAKOTA

Four Newark boys, the Jewett Brothers, who a number of years ago took Greeley's advice and went West, have today no reason to regret their decision for good fortune has smiled upon them and each of the

eighths of whose stock is owned by Charles A. Jewett, D. Clinton Jewett, Rollin N. Jewett and Harvey C. Jewett, sons of the late David D. Jewett, for seventy-four years a resident of Licking county and largely identified

with its business and growth from 1830 to 1889.

These sons feeling that the western country gave them a greater opportunity for advancement, started a retail business at Aberdeen in June,

1883, in which they drifted two years later into a wholesale business, soon after dropping the retail they devoted their energies to building up the wholesale, and a better illustration of their progress could not be shown

JEWETT BROS. & JEWETT, GROCERIES, FRUIT AND FISH, SIOUX FALLS, SOUTH DAKOTA.

four has been eminently successful in his business career.

The Jewetts are prominent business men in South Dakota, and they have built up the largest wholesale business in that section of the West.

A recent issue of the Sioux Falls, S. D., Daily Argus consisted of an illustrated write-up of Sioux Falls and her business interests and in the number the Jewetts occupied a prominent place.

Jewett Bros., Aberdeen, S. D., wholesale groceries.

Jewett Bros. & Jewett, Sioux Falls, wholesale groceries.

Jewett Bros. & Co., Sheldon, Iowa, wholesale groceries.

Jewett Fruit & Fish Co., Sioux Falls, S. D., wholesale fruit and fish.

Jewett Drug Co., Aberdeen, S. D., wholesale drugs.

Manchester Biscuit Co., Sioux Falls, S. D., cracker and cake manufacturers.

The above institutions are incorporations with a combined paid-up capital of over \$300,000, doing an annual business of over \$2,500,000, and seven-

than in the cuts of their warehouses at Aberdeen and Sioux Falls as produced on this page, and the earlier buildings with date of their erection, each of which they out-grew. The Sioux Falls business was started in 1889, and the warehouse represented by the above cut is 65x130, four floors and basement, and was erected by them in 1899. The latest Aberdeen warehouse was erected in 1902, and is 100x150 feet, four stories and a basement, except 50x100, which is two stories and basement, this part being occupied by the Jewett Drug Co. The Sheldon, Iowa, business was established in 1893, and occupies a building 65x100, three stories and a basement. The cracker factory was established in 1902, and is housed in its own granite building 90x120, three stories and a basement, and makes fifty barrels of flour into crackers and cakes daily. These various institutions in which these old Newark boys are interested, employ thirty-five traveling salesmen, and in all about one hundred and eighty employees, and cover a territory with their business of parts of five states.

EDUCATIONAL

Meeting Soon to be Held at Hebron—School Notes of Interest From Hebron.

Hebron, O., Oct. 21—A number of teachers from here together with some of the High school pupils will attend the teachers' meeting to be held in Newark.

A rousing educational meeting is being arranged for, to be held in Hebron Saturday, November 1. State School Commissioner Edmund A. Jones will be present on that occasion. His subject will be "The Home and the School." Some papers, together with a Round Table discussion and some exercises by the children will constitute the program. Music by the school.

The enrollment in our school is increasing every week. It has become necessary to put in more seats in some of the rooms.

JUSTICE

Coasted That He Had Shot a Man and the Officer Arrested the Magistrate.

Urbana, O., Oct. 21—Wm. Miller was shot and slightly wounded last night by Justice of the Peace George Seibert. The shooting was enacted in front of the court house, and was witnessed by hundreds of pedestrians.

Officer Powers ran to the scene and arrested the justice, who was under the influence of liquor. The policeman took the weapon from the magistrate. The justice boasted to the officer, "I killed Miller, didn't I, didn't I?"

The police say that the magistrate had made threats during the day to shoot Miller.

The bullet glanced from Miller's body and imbedded itself in the door of a house across the street.

Miller was ordered out of town on one occasion by Mayor Johnson. He returned this week. The motive for the shooting is not known. Seibert in jail.

A MISTAKE

Mr. Brunelle Explains How He Happened to be Named in Affidavit at Heaven.

The report from Hanover, saying that a warrant had been issued from "Squire Rogers court" for the arrest of Dora M. Brunelle on the charge of forgery, has done Mr. Brunelle an injustice. While it is true Daniel Wilson of Frazzeshore appeared in court and filed an affidavit against Mr. Brunelle, it is also true that he withdrew the affidavit from court the following day, having been convinced that he was in error.

Mr. Brunelle had borrowed \$50 from a Newark bank and had given \$150 worth of personal notes as collateral security. One of these notes was signed, "Samuel Wilson," and in putting the signature on the bank sent word to Samuel Wilson of Frazzeshore. The latter who had given Brunelle no note, pronounced it a forgery, where, as a matter of fact, it was another Samuel Wilson, who was the signer of

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it but just to acknowledge it, hoping that it may help some other woman suffering as I did.

For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound, and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well.

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will cure all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked.

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found that I was completely cured of my trouble, and have been well and hearty ever since, and no more fear the monthly period, as it now passes without pain to me. Yours very truly, Miss Pearl Ackers, 327 North Summer St., Nashville, Tenn."

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound and write Mrs. Pinkham at Lynn, Mass., for special advice. Her advice is free and helpful. Write to-day. Delay may be fatal.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

TAG DAY

TOMORROW EVERYBODY WILL BE "IT" IN NEWARK

Money Received by the King's Daughters Tomorrow Will All Go to Sweet Charity

Tomorrow will be "tag day" with the King's Daughters and everybody else in Newark. In consequence of this everybody will be "it" tomorrow, because everybody will be tagged, and of course, whenever anyone is tagged he instantly becomes "it."

Charming young women, representing the King's Daughters, will be stationed at all the important street corners and crossings of the city, with permission to tag every unfortunate individual who does not already bear the authorized tag of the King's Daughters.

By paying a small fee and getting the royal tag affixed to your coat you thereby become immune from any and all further tagging during the day. No matter what you are doing or where you are you must be tagged once, but that will make you safe from any other tagging. The money collected is to be used in the charitable work of the King's Daughters.

No organization in the city does more effective work in the cause of charity than the King's Daughters. They give aid where it is deserved and always investigate a case before rendering assistance. You may be sure the money contributed to the King's Daughters will be well used. Wear a tag tomorrow, by all means.

You can use a business education every day. Call at Bliss College and investigate their elegant equipment. 8tf

BANK SUIT

GROWING OUT OF A TRANSFER OF SAVINGS BANK STOCK.

Charles Hettesheimer, Who Bought Stock in 1900 Brings Suit Against Former Owner.

Charles Hettesheimer has commenced suit in the common pleas court against Harry Swisher for \$5,000 damages. The plaintiff says that on May 11, 1900, in consideration of \$2,500 paid by him, and the undertaking of plaintiff to pay the unpaid subscription price, defendant sold and agreed to deliver to plaintiff fifty shares of the capital stock of the Newark Savings bank, of the value of \$100 per share, then standing in the name of Swisher. That he did deliver to plaintiff the certificates of the shares of stock properly indorsed so as to assign to plaintiff the shares and to authorize plaintiff to have the shares transferred to the books of the bank company in his name. This he did as the evidence of the sale and delivery.

Plaintiff further says that at the sale and delivery of the stock and the delivery of the certificates the defendant intending to deceive and defraud the plaintiff, falsely and intentionally represented and warranted that the bank was in good and solid condition, and paid dividends upon its stock of 6 per cent upon the amount paid on the stock and besides had accumulated a large surplus fund, of which the plaintiff would become the owner in proportion to the amount of stock upon his purchase of the same. The plaintiff says, that relying upon the warranty and representation he purchased and paid Swisher \$2,500 and assumed to pay a like sum of \$2,500 as the unpaid part of the price of the certificates for the stock, which plaintiff is now, by the receiver of the company required to pay. Plaintiff says that at the time of the warranty and representation the company was not in a good and solvent condition, but was utterly insolvent and worthless, its property and assets being wholly insufficient to pay its liabilities; that although the bank was then paying 6 per cent dividends, yet the same were wrongfully declared and paid, because there was not then, and for a long time had been no earnings of the company out of which to declare or pay any dividends; that the company then nor for a long time previously had no surplus fund; that the stock was not then good, and was of no value, and the plaintiff says that the defendant at the time of the sale of the stock, knew the representations and warranty to be false. The plaintiff says that at the time of the delivery and sale the stock was of no value; that plaintiff did not know of the false and fraudulent character of the warranty and representations until May 20, 1904; that by reason of the false warranty and representations and the breach thereof he has been damaged in the sum of \$5,000, for which he asks judgment with interest from May 20, 1904. CHILDREN

Who Played With Matches Suffocated by Smoke in Clothes Closet in a Garret at Home.

Milwaukee, Oct. 21.—Clarence and Edward Schinner, aged respectively four and two and one-half years, were suffocated by smoke in a clothes closet in the garret of their home. Their mother sustained severe burns while attempting to rescue them. It is presumed that the children were playing with matches and that the fire resulted from carelessness. When the flames began to spread the children went into the closet, closed the door and were soon suffocated. The pecuniary loss was small.

MARRIAGE

Of Otis G. Morse and Miss Lilian May Leonhiser in Huron, Ohio, Took Place Thursday.

Mr. Otis Grove Morse, assistant manager of Buckeye Lake Park, and Miss Lilian May Leonhiser, daughter of Mr. and Mrs. Daniel Leonhiser, of Huron, O., were married Thursday evening. The ceremony took place at the First Presbyterian church and was performed by the pastor of that church at seven o'clock in the presence of quite a number of friends and relatives of the contracting parties. The bride is a most estimable young woman, while the groom is a young man who is well and favorably known, and who is to be congratulated on securing for a life partner so charming a young woman. They have the best wishes of all their friends.
